

+ ONLINE COLLECTION SITE SCHEDULER

Easier screenings with scheduling at your fingertips.

Employment screening services, like drug tests, fingerprints and physical exams, have traditionally been scheduled individually – often over the phone – adding time and paperwork to the hiring process.

Now, using the First Advantage Online Collection Site Scheduler Tool organizations can easily book and coordinate all three components at once.

A smarter hiring process.

By transforming collection site coordination into a web-based process, the online scheduler helps you get appointments planned faster and gives you real-time visibility into the information you need to make faster employment-related decisions.

We can help you differentiate your brand and streamline your process by empowering you with:

- A convenient, online tool where a few quick mouse clicks allows you to enter applicant information, choose a collection site and create a schedule for drug tests, alcohol tests, fingerprinting, and physical exams at one time creating a much quicker and easier workflow.
- Clear, easy-to-understand results, returned faster using our advanced, proprietary technologies.
