

+ VOLUNTEER SELF SCREENING

A smarter, easier screening program.

Nonprofits like yours complete background screening to ensure the safety of your employees and the populations you serve, but to complete these screenings requires manpower, time and money that you might not have.

You need a solution that helps you meet the safety and security objectives of background screening, but without adding a lot of time and expense.

Efficient and cost-effective solutions.

First Advantage offers a premium, secure screening solution that preserves these valuable internal resources by empowering nonprofit volunteers and job candidates to initiate, and even pay for, their own background checks safely over the Internet.

We can help you improve your process and strengthen your brand while:

- Improving operational efficiencies by allowing your internal resources to focus more time on accomplishing your core mission, and less on the administrative tasks associated with screening.
- Dramatically enhancing the accuracy of your candidate information, since online data capture reduces manual data entry and typing errors.
- Offering an easy-to-use, candidate-friendly website to make the candidate experience as good as possible and retain the good word-of-mouth around your brand.
- Ensuring robust security to keep candidate data safe – only authorized users can view the results, and all sensitive personal information is masked on screen and in printed results.

INFORMATION YOU NEED. PEOPLE YOU CAN TRUST.

+ VOLUNTEER SELF SCREENING

Make your job easier while protecting your organization.

With First Advantage Volunteer Self Screening, you get a customized web portal that is branded with your logo and colors. Potential volunteers and employees simply login to your web portal, enter their personal information, and with a few easy mouse clicks they initiate a background check. The cost of the background check can be billed to the nonprofit, or the portal can include a "self-pay" option in which the candidate pays for the screening.

Our service was specifically designed to be simple and straightforward. No training is required to use the website, though convenient online tutorials are available. Nonprofits get the security and peace of mind of a quality background check for a fraction of the effort.

The best of both worlds.

First Advantage offers you the easy volunteer self screening you need combined with premier account management and screening tools than can further streamline your operations. To that end, Volunteer Self Screening works directly with Volunteer Advantage, our screening website developed specifically for nonprofits.

We offer strategic predetermined screening packages based on the position being filled and availability of data within specific jurisdictions. Typical searches included in the screening packages include:

- National Criminal File
- National Criminal File PLUS
- County criminal search
- Statewide criminal search
- Social Security Number verification
- National and state sex offender registry searches

We can help. For more information, contact First Advantage today:
