Overseas Background Checks

Information Pack V.56

Overseas Background Checks: Introduction

This Information Pack provides a summary of the Overseas Background Checks currently available through First Advantage | KnowYourPeople.

For each country listed in this Information Pack, there is a corresponding application form that you can download from our Overseas [website](#) which provides more details about the check and the information required for it.

To request a check, you must get the applicant to complete the relevant First Advantage application form, any additional country-specific forms or letters of authority, and supply scanned images of any required supporting ID documents. Once you have these, you can start the check online using the KnowYourPeople system.

We cannot process any application forms that we receive directly from applicants. Applicants must send their documents to the organisation that has asked them to do the check, so that the organisation can request the check on their behalf.

The turn-around times given below are estimations. First Advantage aim to initiate all checks within 2 working days of receiving them. Unfortunately, there is usually nothing we can do to speed up the process once we have forwarded the form to the relevant authorities in the country in which the check is to be performed. Once we have received the results, we aim to provide them to the organisation that requested the check within 2 working days.

For some countries, an official certificate will be sent directly to the applicant by the issuing body. In these cases, it is up to the organisation that requested the check to obtain the certificate from the applicant.

The information requirements listed in our application forms are correct at the time of production. Although we always try to keep the forms up to date, sometimes we may have to request further details from you. We will be able to provide guidance about this where necessary.

In some locations you may incur *extra charges* depending on the information supplied in the application (e.g. if multiple courts and/or applicant names have to be searched). We will always let you know before we add any extra charges.

You can get in touch with us at <https://help.fadv.com/kyp> if you need any more information about our Overseas Background Checks.
