Receiving Job Tax Credits

Put WOTC (Work Opportunity Tax Credits) to work for your organization

Easily Identify And Secure Tax Credits For Bottom-Line Savings

Depending on the volume, location and type of new hires, your business may qualify for substantial tax credits of up to \$9,600 per qualified individual.

At First Advantage, we've made it easier than ever for you to identify and secure these federal tax credits, known as Work Opportunity Tax Credits (WOTC) and also state tax hiring credits, with our mobile-ready screening solution.

Cast A Wide Net To Find Eligible Applicants

Since 1978, First Advantage has been helping employers of all sizes, across multiple industries benefit from tax credits. In addition to WOTC, we specialize in securing other tax credit opportunities and negotiated incentives for our clients. In fact, the state point-of-hire credits (WOTC "piggybacks") are seamlessly integrated into our WOTC screening process to help ensure that employers maximize their credits.
