

Fleet Solutions

First Advantage

Optimize compliance while reducing risk and costs

Maintain Compliance While Reducing Your Risk

From title management, licensing and permitting to GPS Telematics, substance abuse testing, physical exam management and industry-leading driver qualification file systems, our Fleet Solutions can help strengthen compliance while also reducing administrative burdens and costs.

Driver Compliance

Commercial driver compliance regulations are labor intensive and costly. We can help ease the costs and burden of complex regulatory compliance and monitoring, leaving you to do what you do best: manage your business. Our subject matter experts with decades of regulatory expertise, combined with best-in-class technology can help minimize your exposure to risk and liability, and simplify internal tasks and workflows. Services include:

- Driver Qualification Solutions
- Motor Vehicle Record Searches
- Federal Motor Carrier Safety Administration Pre-Employment Screening Program
- Department of Transportation Previous Employment Verification

6.1 million

Approximate number of Commercial Motor Vehicle drivers operating in the U.S. in 2016¹

175,000

Estimated shortage of truck drivers in the U.S. by 2026²
