

FranchiseCheck™

Quick Start Guide

Welcome!

First Advantage would like to welcome you as a new {insert Company Name} independent franchise owner!

{Insert Company Name} is partnered with First Advantage as the preferred provider for pre-employment background screening.

The {Insert Company Name} and First Advantage partnership provides all independent franchise owners with a comprehensive best-in-class, turn-key solution that will deliver you timely background screening at discounted rates.

Getting Started is Easy

Recommendation:

Prepare the following key materials needed to complete the registration process.

- ✓ Legal Business Name and Address
- ✓ Contact Information for a Designated Primary Contact
- ✓ Contact Information for a Designated Billing Contact

FranchiseCheck™

Quick Start Guide

Let's get started!

[Click here to begin](#)

Step 1: Register Your Business

To take advantage of this opportunity, you will register your business with First Advantage. First Advantage will issue you your account information and access to conduct background checks.

Step 2: Validate Your Business

First Advantage will credential your organization through a quick and easy online process. The credentialing process is automated and typically takes a day to establish your access.

Step 3: Place orders

To place your orders, you will be asked to provide the Name (First, Middle and Last) and Email Address of your workforce. First Advantage will generate a personal invitation to collect information necessary to complete a background screen.

Please take note:

Access to view the results of your background screening orders will be restricted until the completion of your company's credentialing. You will be granted viewing rights once you receive notice of your account activation.
